## NOT MUCH WAS DONE.

Private Calendar Not Reached In the House.

## FILIBUSTERING CAUSED IT.

An Interesting Discussion of the Approaching Sale of the Kansas Pacific Railroad Was Precipitated.

Washington, Feb. 5.—By systematic filibustering the private calendar containing the bills reported by the committee on claims was not reached, the whole day being consumed in passing 18 of the 24 private pension bills favorably acted upon by the house at the session one week ago.

During the consideration of one of the bills an interesting discussion of the approaching sale of the Kansas Pacific road, set for Feb. 17, was precipitated by Mr. Fleming (Dem., Ga.), who, with his Democratic colleagues, desired legislation to require the president to bid the full amount of the debt, principal and interest.

Mr. Powers, chairman of the Pacific railroad committee, contended that the real purpose of the opposition was to compel the government to take the road and operate it. He said he thought the administration which had secured every dollar owing from the Union Pacific could be safely trusted to protect the government interests at the sale of the Kansas Pacific.

### In the Senate.

Washington, Feb. 5.—Speaking to a question of personal privilege in the senate, Mr. Lindsay of Kentucky commented sharply upon the motives of the author and promoters of the resolution recently passed by the legislature of Kentucky demanding his resignation as senator.

Mr. Lindsay, after defining his position upon the financial question, made it clear that he was the representative of the whole people of Kentucky, and not in any sense the agent of the Kentucky legislature. Above all, he was, he said, a senator of the whole American people, and as such would perform his duties and cast his vote in accordance with his convictions and with the dictates of his conscience.

No business of importance was transacted in the brief open session. After the executive session of three hours the senate adjourned until Monday.

### Constitution Violated.

Washington, Feb. 5.—The senate received from the attorney general a reply to a resolution requesting information as to whether the records of the department show that in Louisiana there have been recent violations of the constitution of the United States by the exclusion from service on juries in the United States courts of duly qualified citizens on account of color, and, if so, what action has been taken or is in contemplation. In response Attorney General Griggs sends a copy of a protest of Louisiana citizens against violations of the constitution by the acting circuit judge and the district attorney of the United States for the eastern district of Louisiana.

### Time to Retaliate.

Washington, Feb. 5.—When the cable as to the prospective quarantine of American horses in Germany was shown to Chairman Hitt of the house foreign affairs committee he said this move was clearly a part of the general movement toward exclusion shown by the recent action against American fruit. His colleague on the foreign affairs committee, Mr. Adams of Pennsylvania, said the dispatch suggested that it was time to discover a bacillus in German wines, and it would be desirable also to determine as to the sanitary character of the process of making German sugar.

Washington, Feb. 5.—Another Cuban resolution was introduced in the house by Mr. Williams of Mississippi. It calls upon the secretary of state to inform the house of representatives what progress has been made in the effort of the Spanish government to induce the Cubans to accept autonomy, and, if not incompatible with the interests of the country, to report on what the condition of the reconcentrados has been since the advent of the new regime inaugurated by Spain under the administration of General Blanco.

Washington, Feb. 5.—The war department has contracted with the Pennsylvania railroad for the transportation of the reindeer now on the way from Norway from New York to Seattle. ### The Decree Modified.

Washington, Feb. 5.—The state department has been notified by Ambassador White at Berlin of the modification of the original decree issued by the Prussian minister of finance, Dr. Miquel, prohibiting the importation of American fruit. According to the ambassador's cablegram the decree does not, as he advised, apply to dried fruits, while fresh fruit will be admitted to entry if an examination shows its condition to be satisfactory.

### The Montgomery at Matanzas.

Washington, Feb. 5.—The navy department has received a telegram from Captain Converse of the cruiser Montgomery announcing the arrival of that vessel at Matanzas, Cuba. ### Reindeer Coming.

Washington, Feb. 5.—A cablegram received at the war department from Dr. Jackson at Alten, Norway, announced that the steamship Manitoban, chartered by Lieutenant Devore for the government, had sailed from that port for New York with 530 reindeer and 87 Lapp men and women to care for the animals and drive them on the government relief expedition when they arrive in Alaska.

### Postmaster For Charleston.

Washington, Feb. 5.—The appointment of O. A. Petty to be postmaster at Charleston, W. Va., has been made after a hard fight. It is said that confirmation will be resisted by the friends of the late senator.

### The Maine to Be Relieved.

She said that while at the cowsheds milking she was approached by Frank Crosby, the hired man, who informed her that Willard had told him that she should accompany him (Crosby) to a certain spot on the farm.

The child consented and followed Crosby to a place in a woods pasture near by, where she was outraged by Crosby.

When the child was released Crosby, taking his knife from his pocket, opened and drew the blade across her throat, to show her how he would do her if she informed on him.

When the girl entered the house she began screaming, the noise being heard by Crosby, who had returned to the barn.

INDICATIONS.—For Kentucky and Tennessee—Light rain in the early morning, followed by fair; not so warm; southwesterly winds, shifting to northerly.

Forty pages, porters, &c., are employed at a cost of \$180 a day to wait on the thirty-seven members of the Ohio Senate. Lawmakers come high.

It may have been the smallness of the amount offered that official at Frankfort by the Chicago man, that precipitated the outbreak of indignation recently.

The gold standard appears to be getting in its work in Japan. That country is in the market for a loan of \$2,000,000. Not long since while she was a bimetallic country she advertised "a surplus of \$30,000,000."

Christening the Battleship "Kentucky." Mrs. Agnes L. Franklin, of Frankfort, wife of ex-Circuit Clerk Walter Franklin, and mother of the well-known and popular Commonwealth's Attorney, R. B. Franklin of that district, has written the following acrostic on Miss Christine Bradley, who will christen the battleship Kentucky. Gov. Bradley is very proud of it:

Clearer dawns the nearing future,  
 "Hark!" The herald angels sing,  
 Rise, ye daughters of Kentucky—  
 In your midst a lovely maiden  
 Spurns a custom of the nations,  
 Tells the world Kentucky's honor  
 In her hands—so kindly given—  
 Not with death draught shall be symbol'd—  
 E'en though hisses from great heroes  
 Blend with censure from some statesmen.  
 Robed with right—invincible—  
 A fair girl stands beside the sea,  
 Dips with dainty hand pure water,  
 Laves the "Battleship Kentucky."  
 Eternal Power! Our Brave One, give  
 Years of blessings long to live.

The Modern Way  
 Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Made by California Fig Syrup Co.

REV. S. D. DUTCHER and family are very pleasantly situated at their new home in Cincinnati. They were warmly welcomed by the members of the Walnut Hills Christian Church and other good people of that city, and Mr. Dutcher enters on his new pastorate with bright prospects. There were thirteen additions to the church in January.

The effort that has been and is being put forth by the Matinee Musicale to bring to our city the Sherwood Concert Company should be responded to by our citizens. The company that will be applauded by our people Monday evening are Miss Marie Davis, violinist, Mr. Frank Ormsby, tenor, Mrs. Merrill, accompanist, and William H. Sherwood, who everywhere is recognized as America's greatest pianist. It is not often even in a musical center that one has the opportunity of hearing four such artists at one time; an opportunity of such a kind has never before ever had in Maysville, and can only be had again when a body of workers like those of the Musicale Club are willing to give their time and efforts to the public good. The club has met with many obstacles, but has gone on working, always with the expectation of the support of the people to see them through.

Marvelous Results.  
 From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

## STRONG PROGRAM

For the Seventeenth Annual State Convention of the Y. M. C. A.

Many Features of Special Interest—Addresses by Prominent Speakers. Sunday Rally.

The program for the seventeenth annual State convention of the Young Men's Christian Associations of Kentucky, which will be held in this city February 17-20th, has been pronounced by many association friends as the strongest ever arranged for a Kentucky convention. Some of the salient features of the convention are worthy of special mention.

The first session on Thursday afternoon will be largely devoted to a special spiritual service. The exercises are intended to be preparatory to the regular business sessions of the convention, and to offer opportunity for calm meditation, so difficult in the crowded hours of the convention session. Rev. Frank M. Thomas, of Bowling Green, will conduct this "quiet session."

The "Bible hours" of the convention will be one of its central and most helpful features. Rev. H. F. Williams, of St. Louis, Mo., one of the leading Bible students and teachers of the country, will give three studies on "Life," "Prayer," "Service."

The music of the convention will be in charge of Mr. John P. Hillis, whose gift of song has brought inspiration to hundreds of thousands all over the continent.

The prominent features of the day sessions will be the presentation of the various departments of the work of the association by specialists in each department: "The Two-fold Aim of the Religious Work of the Associations; (a) Leading Men to Christ; (b) Training Men For Service," by Mr. R. R. McBurney, General Secretary, New York City, and Mr. George F. Tibbitts, General Secretary, Cincinnati, O.; "The Needs, Aims and the Results of Association Educational Work," by Mr. R. E. Woods, Chairman Educational Department Committee, Louisville; "Social Life in the Association," by Mr. B. B. Wilcox, General Secretary, Frankfort; "The Significance of Active Membership," by Mr. E. C. Baldwin, General Secretary, Lexington; "The Director; His Duties, Opportunities and Rewards," by Mr. J. A. Johnson, Covington.

Other phases of interest of the day sessions will be the reports of the associations of the State during the past year, and the session in the interests of the State work for the ensuing year.

The department conferences on Friday afternoon, on different phases of association work, will be held in separate rooms of the convention building. These will be unusually profitable, affording opportunity for full and free discussion of the work of the various departments.

A special conference of delegates from the Women's Committees of the associations of the State will be held on Friday afternoon. At this conference the following topics will be discussed: "Women's Responsibility in the Conversion of Young Men," by Miss Sue B. Scott, Lexington; "The Legitimate Work of the Ladies' Committee," by Miss Ora V. Leigh, Paducah; "The Measure of Responsibility Which Rests Upon the Women of Our Cities and Towns to Maintain the Associations," by Miss Mary Page, Frankfort.

An interesting feature will be the welcome reception given to the delegates by the Women's Committee of the local association on Thursday from 5:30 to 7 p. m.

The evening sessions of the convention will be of exceptional interest this year. On Thursday evening the annual report of the State Executive Committee will be presented, and Mr. G. N. Bierce, of Dayton, O., will address the convention on "Our Young Men Our Most Valuable Possessions." On Friday evening Mr. R. R. McBurney will speak on "Recent Developments in the Young Men's Christian Association," and an address will be given by Rev. E. L. Powell, of Louisville, on "Young Men and the New Era." On Saturday evening, after an address on the college work, a feature of much interest will be the railroad session, addressed by Mr. H. O. Williams, Railroad Secretary of the International Committee, of New York, and a number of railroad employees.

The Sunday services will be of great interest, beginning with the meeting for personal blessing in the association rooms at 8:30 a. m. and closing with the great farewell meeting at 7 p. m.

All the sessions of the convention, both day and evening, will be open to everybody, and should be largely attended by the people of Maysville. All who attend will be greatly benefitted.

Rev. I. P. Trotter will present the practical side of the Bible at the men's rally Sunday afternoon at 3 o'clock. His subject will be:

"The Bible and Its Code of Morals," and it is earnestly hoped that many young men will avail themselves of the opportunity to hear a strong, stirring address. Mr. William H. Cox will have general charge of the service and Miss Esther Hutchins will preside at the piano.

## Judge a Housewife By the Linens in Her House,

And judge a dry goods store by its linen stock. We welcome this kind of judgment. We have carefully studied the linen market for ten months in preparation for this sale. We make the statement advisedly that no such assortment of linens and no such values in linens were ever seen in Maysville before. Here is some linen evidence which speaks for itself:

**NAPKINS.**—A half dozen items must hint of a half hundred interesting linen notes. \$1.69 a dozen; grass bleached German drill Napkins, 22 inches square—the sort that gives years of service. Not equaled at \$2.25. Dew bleached Napkins, 22 inches square—a quality that will make friends and buyers at once. \$1.39 a dozen instead of \$1.75. 98c. a dozen; heavy, well-made bleached double Damask Napkins from Ireland, with plenty of patterns you will like. 22 inches square. They're the kind you'd expect to pay \$1.50 for. Napkins and Tablecloths hemmed free during this sale.

Beginning tomorrow we place the contents of a dozen sample books on sale. The samples are 22x24 inches, quality ranging from \$1 to \$3 a yard. They will give most excellent service as tray or carving cloths, can be used for Napkins, in fact hold a dozen possibilities your ingenuity will suggest. Your choice of any sample, 5c. Don't delay; supply limited; demand will be great.

### THE LEGISLATURE.

Mr. Cahill Introduces a Bill to Keep Diseased Stock Off of Public Highways—Other Important Measures.

Representative James E. Cahill introduced a bill in the House Friday to prevent the driving of diseased stock on public highways. Among other measures introduced were:

An act amending the law relating to actions for libel.

An act providing an amendment to the Constitution to remove the capital from Frankfort and giving the Legislature the right to locate same.

An act regulating the rents of telephones.

Enlarging the penitentiary electric plant.

An act changing the time for Sheriffs whose term expired January 1st, 1895, two years to collect delinquent taxes.

An act providing a penalty for locating a pesthouse within the city limits.

An act relating to the listing of property.

An act providing a penalty for selling whiskey to an inebriate and gives the right to the wife, mother or child to recover damages by suit.

To prevent fraudulent purchase of merchandise.

The House passed the bill abolishing the Register of the Land Office, at the end of the present term, and consolidating it with the Auditor's office.

The Senate Committee on Judiciary has decided to report favorably the Goebel election bill, which provides for three State Commissioners, who shall select three County Commissioners to select the election officers. It is certain that the bill will be passed by the Senate and House by a strict party vote, but Governor Bradley may veto it.

Senator Goebel's fellow servant bill came up for a long debate. Several amendments were voted down, and the

bill passed by 16 to 10. Senator Goebel's bill holds railroad companies liable for acts of employees and fellow servants.

The salary-reduction bill will be favorably reported to the House. Some of the most important changes proposed are as follows: Governor, from \$6,500 to \$6,000; Adjutant General, from \$2,000 to \$1,800; Commissioner of Agriculture, from \$2,500 to \$2,000; Auditor's clerks, from \$16,500 to \$12,000; Insurance Commissioner, from \$3,000 to \$2,500; insurance clerks, from \$3,500 to \$2,000; Secretary of State, from \$3,000 to \$2,500; State Treasurer, from \$3,600 to \$3,000. The total saving is \$23,700 a year.

### COMMITTEE'S APPEAL.

Maysville Property Owners Asked to Aid Washington Fire Company—Subscriptions to Date.

The following is self-explanatory:  
To the Property Holders and Citizens of Maysville:  
On Sunday morning, January 30th, the Washington Fire Company lost by fire their home, together with the opera house upon which they depended for their support and upon which our citizens depended for an amusement hall. In the destruction of the building there went up in smoke and flame the hard earnings of the company, covering a period of forty-eight years and amounting to over \$12,000. They are now without shelter and without a single dollar—nothing left save their honor. The firemen of our city have always been faithful to duty in saving your property, and upon many occasions have saved our city from total destruction. It is now proposed, and due them, to rebuild their home, and for this purpose a subscription has been started and a liberal amount secured. Will you be one to assist in this effort by a subscription? Respectfully,

THOMAS A. DAVIS,  
ALEX. CALHOUN,  
J. D. DYE,  
WM. H. COX.

Every property owner in the city is directly interested in this matter, and a liberal response to this appeal will enable the company to begin the work of rebuilding as soon as spring opens.

If you have not subscribed and desire to do so, send your name either to the BULLETIN or to any of the above committee, stating amount.

# MAYOR OF LINCOLN, N. J.

## Mr. Drake Feels It His Duty to Recommend Paine's Celery Compound.

The youngest and most bustling city in the United States—

Founded last April, Lincoln boasts a sewerage system, electric lights, macadamized roads, trolley cars, telephone franchise and a water plant.

From a hamlet to a town—to a city, in this incredibly short time, Lincoln has grown with the wonderful progressive spirit looked for only in the West—a splendid example of the indomitable pertinacity of one strong man.

Like most forceful men, Mayor Drake must see results before giving his approval; but when convinced he speaks out his mind without fear or favor to any one.

There is no hesitation among Mayor Drake's friends in saying that Paine's Celery Compound has been of the utmost help in enabling him to do a prodigious amount of work, and to get rid of that insomnia that at one time resulted from every prolonged effort. Mayor Drake himself says:

LINCOLN, MIDDLESEX CO., N. J., Oct. 30 1897.

Wells, Richardson & Co.—Gentlemen: I have been getting Paine's Celery Compound from our local druggist. After sixteen hours' work each day, I sleep eight hours each night like a baby, and

attribute much of the strengthening of my nerves to Paine's Celery Compound. Yours truly, SILAS D. DRAKE.

Nothing demoralizes the health sooner or more completely than even the occasional loss of sleep. To start a new day with the brain unrefreshed is like trying to keep a worn-out horse up to his work with the whip instead of by feeding. The incessant brain activity is as if the skull were laid bare and the surface of the brain were struck lightly every few seconds and without a sign of a "let up."

Thus sleeplessness imperceptibly, but no less surely, destroys the brain cells that are the sources of mental power and the health of every organ of the body.

Paine's Celery Compound gets the nervous system out of this dangerous rut of sleeplessness. It supplies nourishment to the nervous tissues faster than they are worn out, and does not let the nutrition of these delicate parts get low enough to bring on insomnia.

One of the earliest evidences of the final success of Paine's Celery Compound in curing debility, nervousness, sleeplessness and derangements of liver and kidneys is the increased appetite, the clearer skin and that indescribable precursor of health, a feeling of "well being" that takes the place of the tired, languid, melancholy condition.

### ACTUAL PAYMENTS

Through Clearing Houses Were Very Large During January.

New York, Feb. 5.—R. G. Dun & Company's weekly review of trade says actual payments through clearing houses in January made a remarkable showing, being much larger than in any previous month—36.3 per cent larger than the same month last year and 7.1 per cent larger than in 1892. The failures in January were smaller than in any previous year of which there is a record, and were probably smaller than in any other January since 1881. The statement by branches of business given this week shows a surprising gain in most departments of manufacture and trade.

### Arrested for Poisoning.

Suisun, Cal., Feb. 5.—Frank Bellew was arrested on a ranch near Elmira and lodged in the county jail here, charged with murdering his brother and sister by poison. Lewis and Susie Bellew were two of the most popular young people in Dixon county and lived together in a cottage in the outskirts of the town. The night before they were poisoned, early last November, Frank Bellew ate supper at the house.

### Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

### WASHINGTON.

One of the saddest scenes in life's drama was enacted when on Monday, January 21st, the remains of Mrs. Ellen Quinn were followed to their last resting place by her devoted husband, Mr. Patrick Quinn, seven children and friends without number all of whom can bear witness to the loveliness of her beautiful Christian character. Her fidelity to her friends and family and in fact to all those with whom she came in contact was without limit. Her hands were ever stretched forth in sickness, in trouble, in relieving want and in supporting those whose faith in divine things had become weakened by the fiery trials of life. And now the reward of the faithful awaits her, and when she will awaken from death's cold sleep a beautiful home awaits her, a home of peace, a home of love eternal, in the heavens. J. M. L.

Who does not know women and young girls who are continually in tears? Who always see the dark side? Who have frequent fits of melancholy without any apparent cause? The intelligent physician will know that it is some derangement of the complicated and delicate feminine organs. The young girl suffers, bodily and mentally, in silence. There is undue weariness, unexpected pain, unreasonable tears and fits of temper. Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate organism. It is an invigorating tonic and is specific for the peculiar weaknesses, irregularities and painful derangements of women. Careless, easy-going doctors frequently treat their women patients for biliousness, nervousness, dyspepsia, liver or kidney troubles, when the real sickness is in the organs distinctly feminine, and no help can come till they are made perfectly strong by the use of Dr. Pierce's Favorite Prescription.
